The Reality

Amazingly, 62% of employees want to work from home permanently. However, only 50% of remote workers say they feel connected to their colleagues and we all know that disconnection drives disengagement. **What is this costing you?**

The Solution

- **Inspiring Manager Town Hall Webinar:** Jill will teach your managers simple, proven tactics to ensure remote workers stay engaged, so employee engagement does not become an issue.
- **Customized to You:** Jill will meet with you before the webinar to learn about your culture, so the content is tailored to your org.
- **Plus BONUS Add On:** Purchase Jill's best-selling book for managers for 50% off the retail cost (free shipping to one US address). Then lead an engaging **Manager Book Club** a month after the webinar to keep the conversation alive. Jill will participate and interact with managers.

The Investment

Manager Webinar: \$1,497 USD

Book Club: \$10 USD Per Signed Book (Includes Jill's Participation)
